About Tonight's Exotic

Japanese Steaks

All of our beef is the highest quality Wagyu selected exclusively by Josh's Premium Meats. Josh works tirelessly with the finest farms in Japan and hand selects only the finest steak for the restaurant · Our larger steaks are served grilled and finished in our Jospers oven · Our exotic beef rotates based on availability. It is served by the ounce and grilled over charcoal. We are the only restaurant that carries this beef in Miami and we are proud to be the only restaurant that carries this selection of beef in Miami.
